INFORMATION DISCLOSURE STATEMENT (IDS)

MS Patent Application  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In order to comply with the duty to disclose information under 37 C.F.R. § 1.56, Applicants submit herewith an Information Disclosure Statement ("IDS") in accordance with 37 C.F.R. §§ 1.97 and 1.98. In particular, Applicants submit herewith Form PTO/SB/08 listing references for consideration by the Examiner.

This application is a divisional of copending U.S. patent application Serial No. 09/912,176 filed on July 24, 2001 (hereinafter referred to as "the '176 application"). The '176 application is, in turn, a divisional of U.S. patent application Serial No. 09/230,388 filed on January 22, 1999 (hereinafter referred to as "the '388 application") and now issued as U.S. Patent No. 6,291,644. To avoid overburdening the Examiner, copies of the references cited in the accompanying Form PTO/SB/08 are not submitted herewith as the references are already of record in these prior applications. Specifically, copies of references 1-2 and 4-7 listed in the accompanying Form PTO/SB/08 are already of record in the '388 application. Copies of references 3 and 8-9 are of record in the '176 application.

In accordance with MPEP Sections 609 and 707.05(b), Applicants are filing this Information Disclosure Statement so that the listed information will be printed on the patent. It is requested that each document cited (including any reference or other document cited in applicant's specification which is not repeated on the attached SB/08) be given through consideration by the Examiner, and that it be cited of record in the prosecution history of the present application by initialing FORM PTO SB/08 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

It is believed that no fee is required for this submission. However, should the U.S. Patent and Trademark Office determine that any fee is required or that any refund is due for this application, the Commissioner is hereby authorized and requested to charge any required fee(s)

and/or credit any refund(s) due to our Deposit Account No. 04-0100. Early an favorable consideration of the application and this IDS is earnestly solicited.

Dated: August 20, 2003

Respectfully submitted,

By Samuel S. Woodley
